Update on the Balance Sheet Restructuring

New World Resources Plc ('NWR Plc') and New World Resources N.V. (the 'Company', and together with NWR Plc and its subsidiaries, the 'NWR Group') announce that yesterday two milestones in the consensual restructuring transaction process have been achieved: the conclusion of the court process in the US and having reached agreement on certain amendments to the Company's export credit agency-backed loan facility.

Earlier, another milestone to this transaction was reached: the completion of the UK court process with the sanctioning of the scheme on 5 September 2014.

The principal remaining condition for the consensual restructuring transaction is an amount of in total EUR 185 million of new money being raised by the NWR Group by way of a rights issue to shareholders, a placing of equity to participating noteholders and certain noteholders providing a new super senior credit facility. The funds necessary to facilitate the transaction are fully committed by a group of certain existing noteholders and the majority shareholder.

Introduction

As previously announced, the requisite majorities of the Company's noteholders have approved the consensual restructuring transaction that was proposed by the Company at the two creditor meetings that were held on 29 August 2014.

However, the transaction remained conditional upon various conditions, including the completion of the UK and the US court processes; the completion of approval processes by the parties to the Company's export credit agency-backed loan facility (the 'ECA Facility') and on EUR 185 million of new money being raised by the NWR Group.

Following the successful creditor meetings, the Company applied to the High Court of Justice of England and Wales for the scheme to be sanctioned in order for the terms of the consensual restructuring transaction to be binding on all noteholders. As previously announced, this court sanctioned the scheme on 5 September 2014. This concluded the court process in the United Kingdom.

US Court Process

New York law governs both the senior secured notes and the senior unsecured notes.

In light of this, on 30 July 2014 the Company submitted a petition to the United States Bankruptcy Court, Southern District of New York (the 'Court') seeking an order for recognition of the scheme process before the High Court of England and Wales as a foreign main proceeding and for related relief giving full force and effect to the scheme under Chapter 15 of the United States Bankruptcy Code.

Judge Stuart Bernstein considered the Company's petition yesterday at a hearing of the Court that was held at 10 a.m. New York time. The Court has granted the order sought by the Company. This concludes the court process in the United States.

ECA Facility

Further, the transaction is conditional upon reaching agreement with the lenders who have provided the ECA Facility to the Company. These lenders and the ECA guarantor have now completed their approval processes of the amendments to the ECA Facility agreed in the context of the restructuring. The key amendments are:

- (a) The maturity of the ECA Facility is extended from 31 December 2017 to 30 June 2022;

- (b) The next scheduled repayment will not occur until 30 June 2016, scheduled repayments will occur semi-annually thereafter and will range from EUR 2.5 million to EUR 5 million per repayment;
- (c) From June 2017 onwards until the maturity date, a cash sweep will apply such that the Company is required to make additional repayments up to a maximum amount of EUR 7.5 million in a twelve month period if its unrestricted cash balance is above EUR 100 million and certain other conditions are met;
- (d) Financial covenants have been permanently removed from the ECA Facility.

The lenders have also agreed to provide waivers of the existing defaults under the ECA Facility. The amendments and waivers to the ECA Facility will become effective concurrently with the effectiveness of the consensual restructuring transaction.

New Money

With the milestones relating the court processes in UK and the US and the Company's ECA Facility now having been achieved, the principal remaining condition is the confirmation of the Escrow Agent that it holds EUR 185 million in cleared funds to be released to the NWR Group.

This new money is being raised by the NWR Group by way of a EUR 118 million rights issue to shareholders, a EUR 32 million placing of equity to participating noteholders and certain noteholders providing a EUR 35 million new super senior credit facility. The funds necessary to facilitate the transaction are fully committed by a group of certain existing noteholders and the majority shareholder.

Supplementary Prospectus

In the context of the rights issue NWR Plc announced the publication of a supplementary prospectus on 21 August 2014 (the 'Supplementary Prospectus') to the Prospectus issued by NWR Plc on 30 July 2014.

This Supplementary Prospectus contains NWR Plc's financial and production results for the six months ended 30 June 2014 that were published on 21 August 2014. As these results were considered to be a significant new factor relating to the information contained in the Prospectus the Supplementary Prospectus was prepared.

A copy of the Supplementary Prospectus has been submitted to the National Storage Mechanism and is available for inspection on the website at www.hemscott.com/nsm.do.

Capitalised terms not defined in this announcement shall have the meaning given to them in the Prospectus dated 30 July 2014, as supplemented by the Supplementary Prospectus dated 21 August 2014.

Completion

Completion of the entire restructuring process is envisaged in early October 2014.
